and NSD File No. L-00-72.

Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

Dear Sir, i am on a limited income and have need of this phone for safety and medical purposes. Please keep things as they are as stated above.

Please do not put my name, address, or telephone number on any of your lists. You can be sure if you do I will go back to using nothing. One should be able to express their opinion without giving any information to a tele-marketer

Sincerely

Pauline Hilton

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.
